

2011-2012 GLASS CITY VOLLEYBALL PROGRAM OFFERINGS AND FEES

The staff of Glass City is excited to be able to offer youth volleyball players' a range of programs to meet several criteria: competitive level, cost, and time allowance. All uniforms are included in the fees. Ten players are placed on all teams, and if the club makes a decision to go with fewer players the cost to each person is the same, there is no additional division of fees. The following brief description of each program is designed to answer basic questions, please feel free to call Dana Hooper at 419-402-4121 with any additional questions or email her at dahooper@roadrunner.com.

COMPETITIVE LEVEL TEAMS- NEW THIS YEAR!

This program has been designed to offer all players the ability to be part of a Glass City team and secure the experienced coaching that we are known for. These teams will compete at the regional level, practice one time per week and play in five local tournaments. The season will start the third week of January and conclude by 4/1/12. We will offer these teams from ages 12-17. All players are offered the conditioning component in December at no extra cost.

BIDDY VOLLEYBALL

Biddy volleyball teams are designed for the youngest of players. The teams start practicing in late January and complete their seasons by early March. They practice one time per week for 1 ½ hours, and compete in three local tournaments. This program is designed for boys or girls currently in grades K-2. Attending their age tryout is required. All players are offered the conditioning component in December at no extra cost.

REGIONAL VOLLEYBALL TEAMS

These teams are our most popular selection for full season teams. Practices start the 3rd week of January and complete until early May. Teams practice two times per week for 1 ½ hours. They compete in different numbers of tournaments based on their age. They compete on a regional level which limits travel to no more than two hours and hopefully no hotel stays.

Attending their age tryout is required. All players are offered the conditioning component in December at no additional cost. The ten and under regional teams play in 5 tournaments. All other regional age teams have 9 play dates. A warm up shirt is also included.

ELITE TEAMS

These teams are the highest skilled players as evaluated at their age tryout. They may require a more extensive tournament schedule, but no tournaments are farther than three hours away. Teams start practicing in mid January and complete their season by mid-May. Attending their age tryouts is required. All players are offered the conditioning component at no additional cost. These teams play on 13 play dates. Team strength will determine if the team plays in the American or National Division. The older age teams will individually make scheduling decisions. A warm up shirt is also included.

EARLY BIRD TEAMS

The early bird teams provide a unique schedule for volleyball players. Practices start in mid-December and the season is done by 3/1/2012. These teams are designed for volleyball players who also play a spring sport-softball or track. They have a very competitive season, but it is much shorter in duration. These teams are also perfect for a player who is in the musical. All players are offered the conditioning component at no additional cost. These teams play 6 play dates. Teams will be determined at the tryouts which are required for each age from 13 through 18.

WINTER SKILL ENHANCEMENT

This program is designed for players in the 6th, 7th and 8th grade that want to focus on skill instruction in a structured setting with quality coaching. This group meets 2 times per week for 1 ½ hours, from mid-February to mid-April. The coach assigned is constant throughout the block, and all skills are broken down on a very thorough basis. There are no tournaments, just isolated scrimmage situations.

JUNIOR HIGH FALL SKILL ENHANCEMENT-

This program is designed for 7th and 8th grade athletes that do not have the opportunity to participate on their school team, or did not make their school teams. This program offers excellent instruction at a very reasonable cost to help athletes continue to get prepared for a High School team. This program meets one time per week, on Sunday mornings beginning 9/19/2011, for five weeks.

DEFIANCE SATELLITE TEAMS

This program offers regional level teams based out of Defiance. Teams will be offered from ages 12-17. The teams will play on 4 play dates. Players are offered the opportunity to participate in the conditioning component at no additional cost in Toledo.

INSTRUCTIONAL-INTRAMURAL LEAGUE

This League is offered in five week blocks, and the current start date of the program is on the Glass City Web site. This program is for players currently in grades K-6. The goal is to teach the skills, and experience game situation on one practice night. The League takes place on Sunday nights, and is a stepping stone for team participation.

INDIVIDUAL LESSONS

Players often learn more successfully from one on one instruction. Glass City’s team is able to provide this instruction for any of the core skills including many aspects of the mental side of the game. Lessons are scheduled in blocks of three on a player by player basis.
